

II. Big Faith

- Jesus simply stressed the quality of the faith as one that is centered on God.
- Dependent trust in God can accomplish humanly impossible things through prayer.

II. Big Faith

- How many mountains have you seen God move?
- The call to take up the mountains is a symbol of doing something that appears impossible.

II. Big Faith

- The Word of God teaches us to pray rightly about things.
- God only gives you the desires of your heart when you delight in Him (Psalm 37:4).

III. Right Prayer

- Notice the condition of vs. 25... "Whenever"
- Forgive, forgive, forgive.

III. Right Prayer

- Successful praying requires forgiving as well as believing. "God's healing and forgiving power cannot flow into our lives if we refuse to forgive others."

III. Right Prayer

- An attitude of unforgiveness is one of the most destructive attitudes in the body of Christ and in the believer's life.
- Unforgiveness not only hinders our prayer life, but it also hinders our whole spiritual life.

I encourage you to come to the cross and remind yourself just how much God has forgiven you.
