

It's not enough to tell someone  
the truth about Jesus and then  
walk away.

People will not want to know  
about Jesus if they first do not  
understand that there is a  
problem that needs to be fixed.

Repentance is essential to true  
salvation.

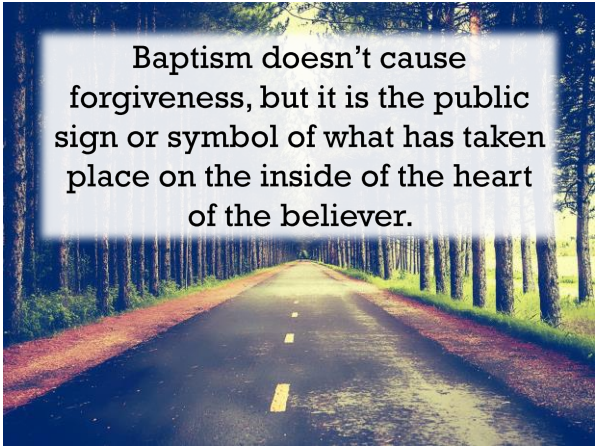

Repentance is a willful turning  
from sin to God.

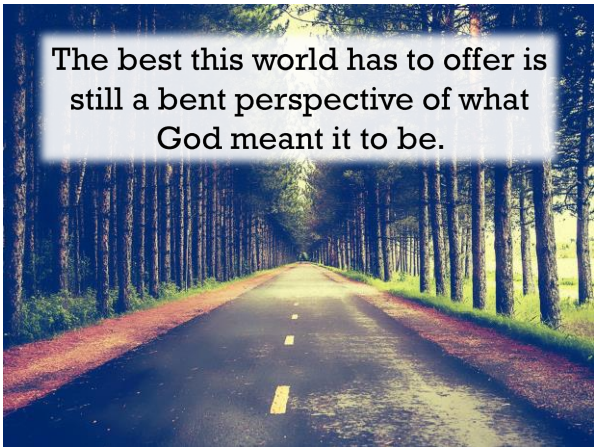

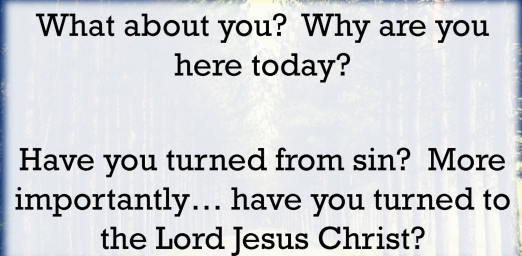

Genuine repentance means that you have forsaken sin and turn in total commitment to the Lord Jesus.

Baptism doesn't cause forgiveness, but it is the public sign or symbol of what has taken place on the inside of the heart of the believer.

The best this world has to offer is still a bent perspective of what God meant it to be.

What about you? Why are you here today?

Have you turned from sin? More importantly... have you turned to the Lord Jesus Christ?
